### LOCAL BREVITIES.

Ironton Chautauqua, July 18-20.

The 4th in the valley was quiet and uneventful.

H. C. Clay is now owner of the blacksmith shop in Arcadia.

Time to consider the home-grown tomato and roastin' ear.

An automobile tire factory has been established at Poplar Bluff.

The fishing on the whole this year has been poor, and the catches light.

The price of gasoline keeps on soaring. Up another cent the past week.

A few apples, for cooking, have been on the market the past week or two.

Dr. Houston has purchased a Jewett touring car from C. P. Jewett, local dealer.

Tanlac can bring health to you as it has to thousands of others. Arcadia Valley Drug Co.—Adv.

A few very fine registered Shropshire ram lambs for sale.

#### STARK FARM.

Mayfield Huff has purchased the Methodist parsonage property in Ironton and will make his home there.

Yesterday was the 4th of July. The indulgent reader will be good enough to overlook the shortcomings of this week's paper.

The building being constructed of granite spawls, near the station, is going right along, and will soon be ready for the roof.

It is announced that the Missouri watermelon crop this year will be unusually large and first shipments will be made in a few days.

Following the rain Sunday night the weather became much cooler and Monday and Tuesday were positively chilly. Not often in July.

A card from Mr. and Mrs. R. A. Buckner, Blaine, Washington, announces the arrival of an 8 1/2 pound baby girl, June 16th, 1922. All well.

Miss Freda Ringo, who has been in Pittsburgh, Pennsylvania, the past two years, will spend the month of August with her parents in Ironton.

L. M. Henson, who has sold his barber shop in the Academy of Music building, will go to St. Louis this week and engage in the barber business there.

A number of ladies from the valley attended the meeting of Democratic women of the Thirteenth Congressional District at Bismarck last Thursday afternoon.

There was trouble with the lights a night or two last week owing to a scarcity of water at the plant, but a new pump has now been installed and Manager Myers expresses the hope that there will be no more annoyance. He is trying to do all he can.

Mrs. Deardorff and the children will return to Ironton this week. We are glad to hear it. We surely missed the little fellows on our daily trips to and from the office.

W. L. White of Marble Creek has bought the stock of merchandise belonging to the estate of the late S. J. Tual and will conduct a general store at the old stand in Arcadia.

Had it not been for a timely discovery there might have been a disastrous fire at the Ironton Flour Mills last Thursday. The roof had caught on fire from the exhaust pipe.

C. C. Lashley, a former resident of Ironton who has been living at New Burnside, Ill., for several months past, writes the REGISTER that he is now located at Gray Ridge, Mo.

Wendell Bros., having sold their garage in Ironton, will devote their entire attention in future to their service and sales station which they have been operating in Flat River for some time past.

A book on rectal diseases will be sent free for the asking if you mention this paper. Ask for it. Address Dr. D. H. Bell, 1128 Central National Bank Building, 7th and Olive street, St. Louis, Mo.

Joe Selinger, of Crane Pond, who was in town last Saturday, tells us that his section had much more rain last week than we had here in the valley. With one of the rains there was some hail.

The bronze tablet to be placed in the courthouse hall as a memorial to the Iron county boys who made the supreme sacrifice in the World War has been received. Unveiling ceremonies Saturday, July 15th, 1:30 P. M. Programme next week.

R. H. Stevenson of Des Arc was a visitor to Ironton Saturday. Mr. Stevenson several months since sold his stock of merchandise and has not since been engaged in business. He has not yet determined what he will do.

The barn of Isaac Bay, some three miles beyond Bellevue, was struck by lightning and destroyed by fire during the storm in that section last Friday afternoon. There was a large lot of hay in the barn. Insurance, \$700.

W. A. Shelton, of Bellevue, has closed a deal for the purchase of the brick residence of Mrs. Martha J. Francis, in East Ironton, and will move here and make his home. The consideration is said to be in the neighborhood of \$6,000.

Mr. C. P. Jewett, who is now in charge of the Wendell garage, will move his battery and tire stock there from the I. O. O. F. store room. Victor Boring, who has been the mechanic at Bell's garage, will be associated with Mr. Jewett.

Rev. Milford Riggs, superintendent of the home for aged Baptists at Ironton, Mo., preached at the Baptist church in this city Sunday. Rev. Riggs is an able speaker and gave his hearers an interesting talk at the morning service.—Steelville Ledger.

Recorder Hawkins issued the following marriage licenses the past week:

Edward Joseph Larkin, Jr., and Nelly Latty of St. Louis.

Alfred Vallen and Bertie I. Dosa of Farmington.

Quite a number of Vallegians journeyed to Desloge Sunday afternoon to see the ball game between the Arcadia Valley Nine and Perryville. An unusually interesting and close contest resulted, the Arcadia Valley team winning by a score of 3 to 2.

The extreme quietness and lack of interest in the present primary campaign is in strange contrast with the rip-roaring, exciting contest that invariably characterized the primary election of thirty years and more ago. In the olden days there was fun and lots of it.

People who journeyed to the Lead Belt last Sunday afternoon ran into all kinds of rain and were very much surprised on returning home in the evening to learn that there hadn't been a drop of rain in the valley. But we got ours that night—just what we wanted. One inch and a quarter of rain.

It is announced that the Poplar Bluff base ball club is disconsolate over its defeat at Desloge a week ago Sunday and refuses to be comforted. The Poplar Bluff Republican last week absolutely refused to make any reference, whatever, to the game. Ignored it altogether. Cheer up, brethren; the sun will shine again.

Rev. O. H. Duggins went to Arcadia Saturday, where he let the contract for a modern bath-house to be built on the Methodist Assembly grounds. The latest reports are that the building is going up in fine shape. Louis Miller, local Ironton-Arcadia carpenter, has the contract.—Farmington Times.

The REGISTER told last week of the remains of Will Rieke being found in the Mississippi river at St. Louis. There seems little doubt but that the unfortunate young man committed suicide. His landlady said he had been acting very queerly for some days. Mr. Rieke recently suffered a severe blow in the head while employed at Festus and it is thought affected his mind.

The Chautauqua, Ironton, July 18-20. Three double numbers each day for three days. Lectures, Music and Cappy Ricks. You can not afford to miss it. Secure your season ticket now. Only \$1.50 for the entire course. Children under 12, \$1. This is one of the best courses Ironton has ever had. Show your appreciation of the good and beautiful by treating yourself to a season ticket for the Chautauqua.

A crew of men were here this week to fit up the store room now occupied by the Webb jewelry store, for the Kroger Grocery and Baking Company, which expects to open a branch store during the next month. However due to a dispute over the possession of the building, the men were unable to proceed with the work and left Tuesday night for Silkeston, expecting to return here later.—Piedmont Journal Banner.

W. E. McKee was last Saturday succeeded as postmaster at Des Arc by Miss Jessie Huff, who was recently appointed to the position. In the years that he has held the position of postmaster at Des Arc Mr. McKee has proven himself an unusually efficient and satisfactory official—one whose record is not often unequalled. His successor has been quite a successful teacher and is said to be a most estimable young lady.

Bismarck correspondence Farmington News: "E. E. Evans and family, of Ironton, were through here Sunday on their way to Desloge, where Mr. Evans' baseball team, the Lead Belt Base Ball Club, administered a sound drubbing to the powerful Tom Seaton's Southlands, of Poplar Bluff. When the dust of the battle had finally settled the score was found to be 11 to 2. A large number of fans from here were present to witness the battle royal."

Prof. Claude A. Midyett of Viburnum, Mo., who has been employed to superintend the Van Buren public schools next year, was here a couple days this week conferring with the school board in regard to plans for the year's work, departing for home this afternoon. Prof. Midyett, who is a graduate of the Cape Girardeau college, was in charge of the schools at Corning, in Holt county, last year. He comes here highly recommended as an educator.—Van Buren Local.

Watermelon shipments in this county will start about July 25th, and cantaloupe movement will begin about the 12th, judging from the present outlook and the information given us by C. B. Michelson, of the Frisco. Mr. Michelson and Rogers, also of the Frisco, spent three days in the county this week going over the situation. From data gathered by them the total number of cars of watermelons that will be shipped from this county will be around 1400, and of cantaloupes 65.—Kennett News.

A preacher came at a newspaper man this way: You editors do not tell the truth. If you did you could not live; your newspaper would be a failure. The editor replied: "You are right, and the minister who will at all times and under all circumstances tell the whole truth about his members, alive or dead, will not occupy his pulpit more than one Sunday and then he will find it necessary to leave town in a hurry. The press and pulpit go hand in hand with whitewash brushes and pleasant words, magnifying little virtues into big ones. The pulpit, the pen and the grave stone are the great saint making triumvirate." And the great minister went away looking very thoughtful, while the editor turned to his work and told of the unsurpassing beauty of the bride, while in fact she was as homely as a mud fence.

Fredericktown Democrat-News: "A Mr. Grant motored down from St. Louis Saturday and made a tour of inspection over several areas nearby on which it has been said there are indications of oil. Mr. W. H. Osborn, with whom Mr. Grant talked, tells us that he is a geologist of some note. He was educated in Berlin, Germany and has spent 17 years in oil work, principally in the location of wells in the south and west. It was he who located the Eldorado, Ark., field two years ago after the state geologist had declared there was no oil there. Mr. Osborn says Mr. Grant was impressed by the local prospects, so much that he is willing to risk his time, money and machinery in putting down a few test wells. He expects to be back in town July 2-4 when he hopes to secure several leases and organize a company for development work. We are informed that Mr. Grant is particularly interested in the territory around the head of Dry Creek."

Potosi Journal: "The distribution of thirty head of purebred Holstein heifers among the members of the Washington County Dairy Association was effected here last Saturday. Twenty-four of the subscribers were on hand to get their allotment of the stock and the subscribers not present made arrangements for taking over their allotments. All the subscribers were highly pleased with the appearance and general highgrade quality of the heifers, which were bought in

the dairy section of Jefferson county, north of De Soto. The cost of these heifers to the members of the Association was \$71.27 per head, the one-price rule prevailing at the distribution. The introduction of this high-grade dairy stock in this country is an important industrial movement, providing the type is sustained in the future accretions to this nucleus in the breeding, and just as the white-face Hereford grade has largely displaced the scrub beef stock on our ranges, so we should see the black and white Holstein dairy cow running out the scrub milkers in the course of a few years. It is this object that the local dairy association has in view."

The County Court Saturday named the following judges of election to serve at the primary election at the various precincts in the county August 1st: (The three first named in each precinct are the Democratic judges, the last three the Republican):

### Bellevue News.

The past week was a rainy one. Almost every day brought forth its rain cloud accompanied by electrical discharges. J. C. McColl had seven sheep killed during a thunder storm last Wednesday. Joe Montgomery had a mule struck by lightning Sunday. Nevertheless, young corn and potatoes look fine.

Mr. and Mrs. W. J. Warren and children of Bismarck spent Sunday with their parents, Mr. and Mrs. Newton Warren.

Mr. and Mrs. J. C. Ricketts and children visited with Mr. and Mrs. A. R. Campbell in Ironton Sunday.

Mrs. George Blue of Ironton was guest of Mr. and Mrs. C. W. Phillips a few days of the past week.

Mr. and Mrs. L. G. Townsend, who are attending the Normal at Cape Girardeau, spent a few days in the home of his father, J. A. Townsend.

Mrs. David Lasater was in St. Louis last week.

Mrs. J. W. Harrison and daughter, Miss Gladys, of Phoenix, Arizona, are guests of Mr. and Mrs. Claud Alexander.

Dr. and Mrs. G. W. Farrar of Ironton visited their sons, Russell and George, on the farm, the latter part of last week.

T. E. Bell went back to the hospital in St. Louis last Friday; he was accompanied by Mrs. Bell.

Mrs. W. A. Boring and Mrs. B. W. Bynum attended O. E. S. Chapter in Ironton last Monday evening. Robert Bynum and Wesley Boring attended Odd Fellows Lodge, in Ironton, the same evening.

Mrs. J. O. Campbell and little son

returned Saturday from a visit with Miss Jenna Logan in St. Louis.

The Library Club met with Robert Bynum Saturday evening. A threatening of clouds kept some of the members, but those who were present had a good time. A picnic lunch was served on the lawn. ALPHA.
